Bamboo er et meget mkt og godt garn som består av 50% ekte bambus og 50 % bomull. Garnet egner seg ypperlig i plagg til både barn og voksne. Garnet egner seg også godt til interiør og gir flotte resultater. Garnet er tvunnet og spunnet på en spesiell måte som gir plaggene god stabilitet og godt volum. Bambusfiberen gir både styrke og volum til garnet.
