Sara fra Snorre Collection er et mykt og godt garn i 100% Acrylic Supersoft, et perfekt hverdagsgarn.

Sara akrylgarn er et allergivennlig og stabilt garn, som gjør det til et godt alternativ til naturfibre.

Kan vaskes på 40 grader i maskin uten at det mister fasong. Fordelen med akryl garn er at det er fargeekte, og dermed holder fargen over tid. Sara finnes i ensfargede og multifargede nøster.

Sara er et allsidig garn som egner seg til både strikking, hekling og brodering, så her er det bare fantasien som setter grenser for hva en vil lage av enten plagg, interiør eller tilbehør.
